Education

COER University

B.Tech in Computer Science

August 2022 – Present

- GPA: 9.46/10.0
- **Coursework:** Data Structures, Computer Networks, Computer Architecture, Design and Analysis of Algorithm, Computational Theory, OOPs Using Java, Machine Learning

Experience

Frontend Intern

Facillima Software Private Limited

Ghaziabad, Uttar Pradesh

March 2024 – Sep 2024

- Identified and corrected over **20 website bugs** affecting user experience on Apple devices, improving the interface.
- Integrated backend API calls for Bhav Copy retrieval from NSE, automating stock price settlement workflows, for **1000+ customers**.

Python Machine Learning Intern

Poly Infosoft

Noida, Uttar Pradesh

Nov 2019 – feb 2020

- Conducted data analysis and engineered **15+ features** for a dataset of over **50,000 records**, improving **7% accuracy**
- Gained hands-on experience with production-level coding by contributing to 2 Machine Learning projects.
- Deployed the project using Heroku increasing access efficiency by 15%.

Projects

RapidPlate: Automatic License Plate Detection - YOLO, OpenCV, Pandas, Numpy

github.com/RapidPlate [↗](#)

- Trained YOLOv8 model for **100 epochs using 433 pre-annotated images**, optimizing processing pipelines and achieving a 15% reduction in training time. Optimized the model to achieve an **mAP of 0.7 and an IOU of 0.5**, enhancing object detection performance.

Stock Price Monitoring - Pandas, Numpy, XGBoost, Matplotlib, Seaborn, Sklearn

- Stock Price Monitoring for prediction and analysis with **98.41%** accuracy with XGBoost

Blogs Publishing Website - ReactJs, NodeJS, Prisma, SQL, Typescript, Tailwind CSS

github.com/Medium-app [↗](#)

- Engineered a Medium-style blogging platform, incorporating seamless account creation and secure authentication using PRISMA increasing authentication **speed by 4%**

Technologies

Languages: Python, C++, C, JavaScript, TypeScript, Java, HTML, CSS

Technologies: ML Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikitlearn; MS-Excel, SQL, ReactJs, NodeJS, NoSQL, NextJS, Docker, Unix, PRISMA

Non-Technical Skills: Exhibited Strategic Thinking, Team Management, and Initiative-Taking skills by managing 5+ Hackathon teams as a Team Leader and consistent **top-10 finishes**.

Certifications: Data Science and Machine Learning by IIT Guwahati [Certificate](#) [↗](#), Full-Stack dev by Harkirat Singh

Achievements

6th Position in Manthan 2022 - Built a **personalized Travel website** by integrating a support chatbot for enhanced travel experiences and further developing it in 2024 by integrating **Ollama**

Merged 20+ PRs in BloxAI - Participated in GSSOC and merged 10+ level 3 PRs and overall **20+ PRs** with **515 score**

Best paper HUMAN'24 - for DeNome: A Decentralized Architecture to Ensure Data Privacy in Sharing of Genomic Data

Young Tech Scholars - Selected among 61 students for a Summer School in 2020 and worked on an **ECG project under Dr. Ravi Jasuja** of Harvard Med School
